FIRST® LEGO® League Team

2013/2014 Team Agreement

- Our *FIRST*® LEGO League (“FLL®”) team is an extracurricular activity. Its purpose is to encourage Science, Technology, Engineering, and Math (“STEM”) by participating in FLL®. Participating on the team is completely voluntary, and will not in any way affect students’ grades.
- Team members will attend all meetings, and must notify the coaches if there is a reason why they must miss a meeting. Meetings are expected to occur primarily after school, and may require some weekends as well. Meeting days, times, and locations will be decided once the team is formed.
- All team members will be expected to attend tournaments / field trips / community outreach events, as well as research efforts.
- Fees are required. Participation fees help pay for registration, equipment, uniforms, tournament costs, etc. Fundraising will likely be necessary, and is the responsibility of the teams.
- Parents will attend at least two meetings to appreciate what the kids are accomplishing.
- Parents will volunteer. The success of the team depends on adult volunteers. Not all adults are able to be on campus, but are expected to help fulfill other roles.
- No siblings may attend meetings without their parent present.
- E-mail will be the primary method of communication. Families are expected to check it and reply in a timely manner.
- Inappropriate behavior will result in calling of parents / leaving the meeting or event / possible removal from the team.

Team Member

- Name / signature / date: _____

Parent #1

- Name / signature / date: _____
- E-mail / phone number(s): _____

Parent #2

- Name / signature / date: _____
